

## Statement of Quality

We believe strongly in quality &ndash; we do not use the &ldquo;cheapest&rdquo; items to build your home. We use a medium grade. Our goal is to not have any hidden charges with our packages. When we finish the job, we do not want to surprise you with a &ldquo;bill.&rdquo; If you decide to upgrade or make changes to something during the job, we will advise you of the cost at that time. Sometimes changes can be made at no additional charge &ndash; it never hurts to ask!
